SMALL RESIDENTIAL INCOME PROPERTY APPRAISAL REPORT

At least three rental comparables should be reported and analyzed in this section. The rental comparables should represent the most current rental information on properties as

SMALL RESIDENTIAL INCOME PROPERTY APPRAISAL REPORT

The undersigned has recited three recent sales of properties most similar and proximate to the subject property and has described and analyzed these in this analysis.

is a significant variation between the subject and comparable properties, the analysis includes a dollar adjustment reflecting the market reaction to those items or an explanation supported by the market data. If a significant item in the comparable property is superior to, or more favorable than, the subject property, a minus (-) adjustment is made, thus reducing the adjusted sales price of the comparable property; if a significant item in the comparable property is inferior to, or less favorable than, the subject property, a plus (+) adjustment is made, thus increasing the adjusted sales price of the comparable property.
